

Max Langer

A strong local voice for our community!

Max Langer, a Leamington resident, is offering his expertise to represent our community at Shire Hall during a time of significant change.

With a background in public sector consulting, particularly supporting the NHS in managing unprecedented demand, he brings valuable experience in operational improvement to address the council's reorganization, new local plan, and challenging financial position. Remember to vote on May 1st.

Max is passionate about our town and wants to work hard to unlock its potential. Over recent years we've seen continued cuts to local services as Conservative governments continued their campaign of austerity. Now with Labour in charge, not much seems to be changing.

Max will focus on the issues that matter for our area:

Council services that work - We deserve to have pride in our local area, so we need a county councillor who fights for our community.

A sound financial footing - As councils across the country declare bankruptcy, we must ensure Warwickshire doesn't follow suit whilst protecting local services. This will require us to think in new ways about how we deliver for communities.

Plans for the future - Climate change, A.I. and Trump all provide existential challenges. We must have a plan for how Warwickshire adapts.

Innovative approaches to care - The vast majority of council expenditure goes to providing care. We need to push for new and innovative ways for providing better care in the community. Max has experience delivering this in practice and wants to bring this expertise to the council.

INACTION WITH LABOUR

OR

A FRESH START WITH MAX LANGER

IT'S CLEAR CHOICE HERE: **LIB DEM OR LABOUR**

More and more people are backing **MAX LANGER**. They know the Lib Dems will fight to get things done in our area.

The Conservatives finished in a poor third here last time. A vote for them will just help Labour win.

Comments: *Hardly different from the Tories!* **(F)**

Council services we can trust

From potholes, to SEND provision, to social care, council services aren't delivering for local people. As your councillor, I'll be a strong voice to demand better for our area. We all deserve to have pride in our community.

Care in the community

As our hospitals come under increasing strain we need to transition to delivering better care and support for people in the community. I've delivered this change in my career and can take this experience to the council.

A plan for the future

With climate change and continuing technological changes in our world, we can't afford to stand still as a community. I want to push for bold action to decarbonise our area and give people the skills to prepare them for the future.
