

# A REAL LOCAL CHAMPION

## Oliver works hard all year round

Oliver says "I am very active in supporting the local community, including liaising with local Police Community Support Officers on community safety concerns, supporting local charities and voluntary organisations, helping to improve and maintain green spaces across All Saints and Woodloes and getting local important infrastructure installed including benches, bins and noticeboards."

"Transport and Planning is also very important for this area of

Warwick. I have actively supported plans for road improvements, including schemes which promote sustainable travel. It is important that we relieve traffic congestion where possible, while also improving air quality and encouraging more use of alternative and healthier means of transport."

"I enjoy engaging with residents about local issues; for example helping with planning applications, tackling overgrown trees and bushes, maintenance of street-lighting and addressing residents concerns over parking and yellow lines."

Oliver and your local LibDem team are ready and willing to help.

## FOCUSING ON THE REAL ISSUES

- 1 TACKLING ANTI-SOCIAL BEHAVIOUR**
- 2 MEASURES TO REDUCE SPEEDING**
- 3 SUPPORTING LOCAL ACTIVE TRAVEL SCHEMES**

## Cllr Oliver Jacques

### Joins the Lib Dems after leaving the Conservative party

See inside why the Lib Dems are the real party for change in Warwick 

# The Lib Dems are the party putting residents first

## - Cllr Oliver Jacques

**Warwick Town Councillor Oliver Jacques has announced he is joining the Liberal Democrats, saying "the party now best reflects his values and offers the strongest voice for residents in Warwick and across Warwickshire."**

"I've decided to join the Liberal Democrats because they stand for the values that matter most to me: fairness, compassion, and community. They are committed to protecting our environment, investing in public services, and making sure local people are properly heard. That's the kind of positive politics I believe in."

"Here in Warwick, there is a strong liberally minded community that has been underrepresented for too long. The Liberal Democrats are the party best placed to give those voices a platform, and I want to be part of that effort."

"With Reform now the largest party on Warwickshire County Council, I believe the Liberal Democrats are the only credible opposition. They're already the second-largest group and have shown they're ready to challenge Reform where it matters. They're the party best placed to stand up for residents."

"For me, this isn't just about leaving something behind – it's about moving towards something better. The Liberal Democrats are offering real leadership, real opposition, and real hope, and I'm excited to work with them to deliver for Warwick and Warwickshire."

# FIGHTING HARD FOR THE CHANGE THAT WE NEED

## Reforming the NHS & dental services

The Lib Dems propose a £750 million-per-year investment by 2028-29 to tackle the crisis in NHS dentistry and want to boost local funding for health provision to reduce the pressure on NHS services.

## Tackling the cost of living

By decoupling electricity prices from gas costs they propose to lower average annual energy bills from £1,720 to £870 by 2035. The Lib Dems also want to increase the tax-free allowance for lower-income individuals.

## Ending the chaos at our Council's

With the first Reform County Council leader lasting just 41 days, and the current one focusing on flags rather than real issues and with Labour and Green led district council being plagued by infighting. The lib Dems are the only party who offer any stability.

# Tell Oliver and the Lib Dem team what matters to you.

**We want to make sure that your views are heard and we are committed to focusing on the local issues that you care about.**
